This meeting you can expect a conversation with our CEO, Maya around the completed Resident Wellness study and some updates from Derek around maintenance items and suite inspections.

We look forward to seeing you there!

COMMUNITY CUPBOARDS

Ahead of the winter months, we've been working with some private donors to restock the community cupboards.

But we could still use your help!

If you have some of the below to spare, or want to grab an extra item or two next time you're shopping for yourself, please consider adding them to the cupboard:

- **gently used and washed outerwear (jackets, mittens, etc) -**
- **canned or boxed foods or foods in a sealed jar -**
- **travel-size toiletries like shampoo, toothpaste, lip balm -**
- **home items in good condition -**

Anything that you'd like shared with all the buildings, anything that doesn't fit easily in your community cupboard (please don't place items beside or around), and anything larger like outerwear can be brought to the office! Staff will help to make sure the items are disbursed to those who need them.

Please do NOT leave large electronics, items that are not in good shape, useful or clean, or open containers or food items.

Thanks for working together to take care of each other!
